

„PINK AS A PANTHER“

Pressrelease

ENGLISH

This Band sounds like straight out of the sun. Pink As A Panther is some fine sort of easy going rock that gives one a feeling of warm white sand under ones feet. Once fresh from the Beach, the other night superindustrial. Once psychedelic once straight forward. Pink As A Panther was founded in summer 98 by Mick Moarley/Toronto and Zac Fox/Linz and are known ever since then for putting up a big show wherever they go. A few years later Pink As A Panther has done hundreds of Shows across Europe such as five extended UK tours. These boys come along brightening up the endless skies of Rock ,n Roll. Hell Yeah!
